THE FIRST STEP IS TAKEN.

West Side Post Office will be Discontinued on the 31st Instant. Means One Move Toward Free Delivery.

Postmaster McDonald received word this morning that the postoffice on the west side of the river would be discontinued on the 31st of this month, which comes on Tuesday next.

No particulars of the change were volunteered by Mr. McDonald by the department, but simply being instructed to deliver the paraphernalia of the office to the post master at Grand Rapids.

During an interview with Mr. McDonald this morning that gentleman stated that there was nothing said in his letter of instructions concerning a station on the west side, and that it was his opinion that there would not be any until the east side office was made into a second class office. As to the time necessary for this, nothing definite can be said.

As a general thing the department requires that an office must show up sufficient business for a year before it can be made into a higher grade, the basis for these changes being the annual receipts of the office. It is the opinion of some, however, that in a case like this one in this city, where the receipts have run over the necessary amount for some time it will not be necessary to wait this length of time.

The discontinuance of the west side office is the first step toward free delivery. While the doing away of the office on the west side will cause some inconvenience for the time being it is undoubtedly true that in the long run it will bring about a greater convenience. Our people are all looking forward anxiously to the time when the change will be made.

BUSINESS MEN MEET.

Interest in the Association has Been Revived.

There was a meeting at the city hall on Thursday afternoon of a number of the business men of the city, who had assembled in response to a call. It is proposed to revive the old business men's association or else organize an entirely new one, and thus be in a position to represent the city in case there is a chance of securing or helping a new industry to locate here.

Since the completion of the dam by the Consolidated people, this city offers exceptional advantages for the location of manufacturing plants, both large and small. It is in view of these facts that the citizens feel that there can be something done to induce others to locate here.

At the meeting held last Thursday Geo. M. Hill was elected president and T. A. Lipke secretary. Mr. Hill addressed the meeting and told of the object in view and what was hoped to accomplish by those in session. Geo. W. Mead of the Consolidated Water Power & Paper Co., also gave a short talk telling what his company could do in the line of furnishing power.

At the close of the session it was decided to hold another meeting next Thursday evening and with a better crowd in attendance effect some sort of an organization and start in energetically to do something along the line for which these organizations are generally started. All of those interested in the advancement of the city are requested to be at the meeting next Thursday evening.

Death of Mary Wright.

Miss Mary Wright, whose serious illness was mentioned last week, died at 10:30 last Wednesday evening, after having been sick about three weeks with typhoid fever. Miss Wright was a trained nurse and came here to nurse her brother, E. M. Wright, who was sick with typhoid, and before he had fully recovered she was stricken with the disease, and in spite of the best medical aid, succumbed.

Miss Wright was 41 years of age and came here from Tama, Iowa, where the remains were taken for interment on Thursday evening. Mr. and Mrs. Wright accompanied the remains to Tama, and they will remain there for some time, Mr. Wright being still too weak to resume his work.

HIGH SCHOOL TEAM WINS.

Defeat E. O. K. Club in Hotly Contested Game.

On Saturday afternoon the high school team and the members of the E. O. K. club met at the high school campus in a game of baseball, and those who were fortunate enough to attend were favored with quite an exhibition of the national game. The high school boys won by a score of 18 to 15 but it took ten innings to decide it, as the E. O. K.'s got such a start before the high school boys got down to business, that it was a necessity for them to do some good strong playing in order to catch up.

The E. O. K. club lay their defeat to the fact that one of their best players was laid up with a lame arm and was not able to take part in the game at all. The high school boys also claim that some of their best players were absent, otherwise they would have done up their opponents with neatness and dispatch. It is probable that the boys will meet in another contest in the near future, when both teams have their best men in the field and the game be decided on its merits. Oswald did the catching for the E. O. K. club, and he put up almost an errorless game, while Samson and Demitz did the twirling. Neither of the latter make any pretension of being pitchers, but they put up a very good game and did very well to hold their opponents down to as few hits as they did.

Those who took part in the game from the E. O. K. club were: Pectow, Hamilton, Gilkey, Oswald, Demitz, Wood, Sampson, Herman and Richard Wiperman and Bopp. The high school team was made up of: Horrick, Nash, Nantz, Little, Voyer, Brennan, McLaughlin, Hayes and Burchell.

Talk on Socialism.

The Rev. Ferdinand Strickland will give a talk at the G. A. R. Hall next Friday evening on Socialism. Mr. Strickland is said to be an entertaining talker and a man who has made a thorough study of the subject on which he speaks. There will be an open air meeting near the post office at 7:30, and the meeting in the G. A. R. hall will occur at 8 o'clock. A cordial invitation is extended to the public. Friday evening, May 27.

I have a few high grade second hand wheels which will be sold cheap. Also do expert repairing. Krieger.

BREWERY HAS BEEN STARTED.

Work Will Now be Carried Forward as Rapidly as Possible.

The trenches for the foundation of the brewery were dug last week and the work of building the foundations will be carried forward as rapidly as the material is received and it is not expected that there will be any delay in this matter hereafter.

The plans for the building were received last week, and to all appearances they call for as complete and up-to-date a plant as it would be possible to construct. The plans were furnished by the Vittor Manufacturing Co., Milwaukee, who not only furnish plans for institutions of this sort but also make machinery for breweries. When the time comes this firm will also make a bid to furnish the machinery.

The building as shown by the plan will be 91x78 feet and will be five stories high. Judging by the front and side elevations it will be a very handsome structure, and fully equal in architectural merit to anything in the city. There will also be a bottling house, but this will be a separate building and is a secondary consideration.

It is the intention of the directors of the Grand Rapids Brewing Company to have their plant, one of the best equipped in the country, and in order to do this there will be nothing but the very latest style machinery installed in the place. Their facilities for receiving supplies and shipping their product will be unexcelled, as a sub-track will be built close to one side of the plant where stuff can be loaded or unloaded with a minimum of handling.

Joseph Shillway of Antigo was in the city and signed a contract with the company to work for them as brew master. It is expected that he will arrive here sometime in July to take charge of the placing of the machinery.

Decorations Day Program.

Decorations day, May 30th, will be observed in the following manner: The line of march will form on Baker street in front of the city hall at 9:30 o'clock a. m., sharp, and go directly to the cemetery where the usual exercises of decorating graves and the ritual services will take place. After which we will immediately return to the city and to the G. A. R. Hall where a good dinner will be served to all who may wish for 25 cents each.

Exercises will be held in Opera House in the afternoon at 2 o'clock p. m. A most excellent program has been prepared consisting of an address by Professor M. H. Jackson also recitations and good music by others. A general invitation is extended to all church organizations, all scholars' civic societies, to all soldiers of any and all wars of the U. S. to be present on this day to join our ranks take part in the parade and enjoy the exercises of the day.

The city band has kindly consented to extend their services for the occasion so that there will be plenty of good music during the day. It would also be very fitting for the occasion if the merchants of the city would close their places of business during a part of the day, say from 9:30 to 12 and thus allow both the proprietors and clerks to take part in the morning services.

LaFayette Porter, Commander.

An Exciting Runaway.

A horse hitched to a light buggy, the outfit belonging to James McCarthy, indulged in a runaway Monday evening that was exciting enough for the most exciting. The horse became frightened at an automobile on the west side and started a straight course across the bridge and hung onto the lines even after the harness had become a wreck and both thills were broken, but when the outfit reached a point near the John Farrish residence the buggy took a sudden swerve and tipped over. Mr. McCarthy was thrown to the ground quite forcibly but escaped without any injury except a severe jolting. The buggy was somewhat damaged, but the horse was captured without difficulty after he had done all the damage that it was possible for him to do.

Playing to Good Houses.

On their opening night Winninger Bros. played to a full house and standing room was sold to the late arrivals. The company put up a good show and the audience was well pleased with the production. The Winninger Bros. company is by far the best repertoire company that visits this city, and the public seems to appreciate the fact.

Got Thirty Days.

Bert Austin was arrested on Monday on a charge of indecent exposure and upon being taken before Justice Brown that functionary gave him thirty days in the county jail in which to think over his misdeeds. Bert has had several sessions with the justice court for this offense, it usually being a case of too much booze.

The Little Homestead.

With the coming of "The Little Homestead" to the Grand Opera House on Tuesday evening theatre goers are promised a treat. The play introduces a happy little home in a New England village, broken up through the desire for revenge upon the young husband. It tells of a blind infatuation which leads the wife to forget her vows and deplete the sorrow and remorse consequent. The ultimate triumph of right, the too late to atone fully for the past, points to a healthy moral. The play and company are among the best on the road this season. The author of "The Little Homestead" is W. B. Patton, whose play "The Minister's Son" has been an unequalled success.

Episcopal Services.

Rev. Father Blakeslee, having been assigned by the Bishop of Fond du Lac to St. John's mission in this city, services will be held there on Sunday, May 29th. Morning services with holy communion commencing at 7:30 and 10:30. Evening service with sermon at 7:30. All are cordially invited to attend.

Daring Burglars Foiled

The residences of several of our best citizens were attacked by a band of blacklegs now infesting the city, in the shape of Flies, Mosquitos, Gnats, Bugs and Worms. But we are pleased to state that the blood thirsty villains were foiled at every house where we have sold Wheeler Screens—the only really Scientific Screen.

These Screens are really "burglar proof," for they are the only Locking Screen; a burglar would have to cut the wire—which would awaken anyone! People who sleep on first floors appreciate them.

They have every other screen perfection too. Must be seen to be appreciated. Call on us or send card, and we will call and show them.

THE OLD REGIMENT.

Long ago, on a summer's day,
Over the hills they marched away,
Kinfolk, friends and the boys we knew
In childhood's blossoms and fields of dew,
Changed in that hour to full-grown men,
When the song of the bugle rang down the glen
With its wild appeal and its throb and thrall,
And they answered "Yea" to their country's call.

Then in the furrow the plowshare slept,
O'er wheel and anvil a silence crept;
All night long through the village street
Thundered the rhythm of marching feet,
With clash of steel and the sabre's clang
And the gray commander's stern harangue,
Till morning broke, and they marched away,
Long ago, on a summer's day.

We watched them go with their guns agleam,
Down past the mill and the winding stream,
Across the meadows with clover deep,
By the old stone wall where the roses creep,
We watched them go till they climbed the hill,
And they faced about, as the drums grew still,
And waved their caps to the vale below
With its breaking hearts that loved them so.

Forth they leaped to the surging fray,
Shoulder to shoulder in brave array,
Their strong souls steel'd to their lips' light song,
And their ranks of blue were a thousand strong,
Bright were their banners and bright each sword,
When the peals of the cannon upon them roared,
Their brave eyes still to the foe turned
Where the sweep of the battle, flamed and burned.

Onward still through the seething hell
Of war's dread slaughter they fought and fell;
Forward still through the blinding gloom
Of reeking carnage and death and doom;
Binding their wounds in the moan-filled night,
After the stress of the day's fierce fight,
When tears were wept for the silent slain,
In the hurried graves of the red field plain.

Save for the maimed and the shattered few
They come no more to the place they knew
In the old, dear days of their childhood's dreams,
But far away, by the alien streams,
On the scenes of their struggles their still hearts sleep,
Lying unnamed in the trenches deep
Where the foe at Antietam stormed the lines
And the blood-stained bayonets at Seven Pines.

They wake no more to the battle's noise,
Kinfolk, friends and the neighbors' boys
But off, when the star-light fills the glen,
In phantom marches they come again,
And over the walls where the roses creep,
And the dew-kissed meadows with clover deep,
See them still as they marched away
Long ago, on a summer's day.

FULL OF PATHOS AND GLORY.

Massachusetts Governor's Comment on Presentation of Battle Flag.

This pageant, so full of pathos and of glory, forms the concluding scene in the long series of visible actions and events in which Massachusetts has borne a part for the overthrow of rebellion and the vindication of the nation.

These banners belong to the government of the commonwealth through welcome hands. Borne, out by one, out of this capital, during more than four years of civil war, as the symbols of the nation and the commonwealth, under which the battalions of Massachusetts departed to the field—they come back again, borne either by surviving representatives of the same heroic regiments and companies to which they were intrusted.

At the hands, again, of yourself and your grand column of scarred and heroic veterans who guard them home, they are returned with honors becoming relics so venerable, soldiers so brave, and citizens so beloved.

Prayed memories of many a field; sweet memories alike of valor and friendship; sad memories of fraternal strife; tender memories of our fallen brothers and sons, whose dying eyes looked last upon their flaming folds—grand memories of heroic actions—limed as they are.

I accept these relics in behalf of the people and the government. They will be preserved and cherished, and a memorial to the vicissitudes of the future, as monuments of brave men and noble actions. I accept them in the name of the State.

Place Returned by Massachusetts Representatives, December 22, 1865.

In the North they sometimes call it Decoration Day, but in the South it is always Memorial Day. Both have the same meaning, however, to the old soldiers of the country, who remember the dark years of the early part of the sixties, and Memorial Day in the South is being more generally observed each year, for the custom is being handed down from the veterans themselves to organizations of their sons, who join in the processions and take their part in the beautifying of the cemeteries. Each year finds thousands of those who wore the gray uniforms filling in line on Memorial Day, to tramp perhaps three or four miles in order to pay this annual tribute not only to their dead comrades, but to buried near the scenes where they fought.

The United Confederate Veterans, which is the main organization of the old soldiers of the South, still number about seventy thousand in camps scattered all the way from Maryland to Texas. In recent years many of the largest camps situated near burial grounds of Union soldiers have been remembered in this way those who fell on both sides as well as to the hundreds of graves of unknown dead in the cemeteries of Winchester, Va., have been identified, although in not a few instances the bodies of Northern men who lost their lives in the several battles which were so bitterly fought in this portion of Virginia's valley. Some years ago a monument was erected

cities of the dead as those which are located at Antietam, South Mountain, Arlington and others famous in history, the Southern people have been engaged in the same work for their own, and although most of the funds raised for this purpose have been through private contributions they have effected a great transformation. This is especially true of Antietam, where the resting place of most every Southern soldier has been marked some way. It also contains several of the finest monuments of this character in the United States. At Marietta, Ga., where thousands of named Southern troops were buried, the graves are marked with blank stones in order that they may not be forgotten, and yearly these are decorated as well as those which contain known

An Open Letter.

From the Clinia, S. C. News: Early in the spring my wife and I were taken with diarrhea and so severe were the pains that we called a physician who prescribed for us, but his medicine failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we ate and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor, Otto's Pharmacy.

CRANMOOR.

The home of A. E. Bennett was the scene of a festive occasion last Wednesday evening. A large number of the friends and neighbors of the family had decided on a surprise on that evening and altho the perpetrators of the affair thought they were conducting things in a most diplomatic manner, when they arrived at the scene of action they discovered that Mr. and Mrs. Bennett had got wind of the affair and were all ready to give the visitors a royal welcome. After receiving the guests at the house, and making everybody feel at home, all hands went to the dance hall, where the evening was spent in the most exhilarating manner. The music for the occasion was furnished by a local orchestra, and all pronounced it to be first class in every respect. Refreshments were also served during the evening thus making it a most enjoyable occasion for those who felt that there must be something to eat in order to round out the social features of an evening.

R. Fitch. This is only a starter, however, and there is no doubt but what greater things may be looked for in the future.

The warm weather of the past week has caused vegetation on the marshes to make good advance and it is doubtful if the cold weather has done any material damage.

May Raise Belgian Hares.

Stevens Point Journal: L. Liseer of Milwaukee, who owns about three hundred acres of land in the town of Linwood and Carson, was in the city today. M. Liseer has in contemplation the starting of a large Belgian hare farm in one of the towns named. He says he has no doubt of the financial success of such an enterprise, but that his plans are not yet sufficiently matured to warrant the giving them out for publication. In speaking of the enterprise, however, he said that there is no doubt but that all that could possibly be raised even high up into the millions, could find a ready market. The fur of the Belgian hare, he says, is eagerly sought by furriers for some of the higher grades of their work. Many of these furs are used in the manufacture of the high silk hat and for many other purposes. Also, the meat is highly regarded as an article of food and that it could be shipped to the large cities at a handsome profit. These hares, he says, do not dig in the ground and all that would have to be done in order to restrain or protect them would be to surround the enclosure in which they are kept with a fence so constructed that wild animals would not reach them.

Potato Ware House Assured.

Pittville Times: Nash Mitchell received word on Tuesday from the potato people that they would surely build a warehouse at Pittville this season and would supply all the people who wish good seed stock at cost, as the company wishes to have the best seed stock used. Some of the stock has already arrived and those wishing any seed can procure same of Mr. Mitchell. This is certainly good news. A potato ware house is just what we need here. There is no question but that as a general thing there is big money in the potato business. Every farmer who wishes to get seed can do so by calling on Nash Mitchell. The seed is not sold for profit, but to get a good grade or quality started here. This should be satisfactory. Everyone will no doubt call to raise a few so they should call and secure stock now as that commodity is now a scarce article. Help this good thing along.
